Exceeding £300, for every £100, and fractional part of £100, 2s. 6d.

Collateral, auxiliary, additional or substituted security (other than an equitable mortgage) for every £100 or fraction, 6d. up to £2,000.

Above £2,000 10s.

Transfer of mortgage except marketable securities—

For every £100 6d.
Reconveyance, release, discharge, surrender, etc.—

For every £100 6d.
Motors—

Bicycles (and Motor Scooters) not over 200-lb. in weight, unladen 1 10 0

Over 200-lbs. in weight, unladen 3 0 0

Used with trailer or sidecar, an extra 1 0 0

Tricycles 4 0 0

Hackney Carriages for not more than six persons ... 15 0 0

Beyond six persons, according to seating capacity ...

Motor Cars (pleasure) not over 6-h.p. each 6 0 0

and £1 for each extra unit of horsepower 0 5 0

Driving Licence 0 5 0

Commercial Vehicles and agricultural tractors are taxed according to their unladen weight.

PATENT MEDICINES.—

Not exc. 1/- ... 0 3 | Not exc. 10/- 2 0

" 2/6 ... 0 6 | " 20/- 4 0

" 4/- ... 1 0 | " 30/- 6 0

Patent Medicine Dealers, &c.—Annual Licence for each set of premises, 5s.

PAWN BROKERS.—Annual Licence £7 10s.

PEDLARS (Police Licence), 5s.

PLAYING CARDS.—Makers & Retailers Annual Licence, £1.

PROTEST where duty on bill does not exceed 1s. same as bill, otherwise 1s.

RECEIPTS for £2 or upwards, 2d.

SETTLEMENT.—If marriage settlement made before marriage, 5s. per £100. Voluntary and post-nuptial settlements are charged as conveyances, *supra*.

INVESTMENTS AND INTEREST.

To find the price at which £100 stock (bearing a definite interest) must be bought to yield a given amount of interest, multiply the price of the stock by the figures representing the interest it bears, and divide by those representing the interest desired, thus:—

Find selling price of £100 stock bearing 5% to yield 3½%.

£100 0 0	
5	
3½	500 0 0
	142 17 ½

To find what interest a stock (bearing definite interest) will show if bought at a certain price, multiply the nominal price of the stock by the interest it bears and divide by the price given for it, thus:—

What interest will a £100 stock bearing interest at 3% show if bought at (a) £110 (b) £90?

£100 0 0	£100 0 0
3	3
110	90
300 0 0	300 0 0
2 14 6½	3 6 8

TABLE OF DISCOUNTS.

1½% equals 3d. in £1 or 3/10th of principal

2½% " 6d. " 2/8th " "

3½% " 9d. " 3/10th " "

5% " 1/- " 1/20th " "

7½% " 1/6 " 1/16th " "

10% " 2/- " 1/10th " "

The following rule will be found a very simple and quick way of calculating how much money is due for irregular rates of interest.

For instance, what is 3% on £65?

First, multiply the amount (65) by double the percentage (3×2=6)

65

6

— 390

Then divide the number arrived at into two parts by drawing a line between the last two figures, thus, 39/0. The figures to the left of the line are the number of shillings, and the one on the right the number of pence, so that the answer is 39/.

In some cases the last figure will not be a cypher, then it will be necessary to add to it one-fifth of its value, as shown in the following:

What is 3% on £66?

Proceed as before, viz.,

66

6

— 39/6

Then add one-fifth of the pence column to the number ... 39/6

One-fifth of 6 ... 1½

— 39/7½

CALCULATION OF INTEREST.

You lend a man £93 at 5% for 21 days

What interest are you entitled to?

5% = 1/- in the £1 (12 pence in the £1); 12 pence for 12 months equals one penny per month; three weeks equals three-fourths of a month. You are entitled to 93/- (one shilling in the £1) for a full year, or 93 pence for a month; therefore, ¾ of 93 pence will give the answer (69¾).

Note.—At 5%, a month's interest is one penny for every pound outland, and any part of 5% or any part of a calendar month can easily be calculated therefrom.

or Find the interest on £90 at 2½% for 7 months. 2½% equals 6d. in the £1. 3½d. equals interest for 7 months on £1, therefore 3½ X 90 = 315d. or 26/3.

Another way—

To ascertain amount due on a given sum for a definite number of days at a stated interest, say £75 for 73 days at 5%, first find the amount due on the sum for 12 months by multiplying the amount by the rate of interest and dividing by 100, e.g.:

£75 0 0

5

100) 375 0 0

3 15 0

Having found the amount due for 12 months, multiply by the number of days in question and divide by 365, e.g.:

£3 15 0

73

365) 273 15 0

0 15 0

GOVERNMENT PUBLICATIONS.

The following Parliamentary and Departmental Publications are obtainable:—

PARLIAMENTARY:—Acts of Parliament; House of Lords Papers, Bills, Debates, and Minutes of Proceedings; House of Commons Reports and Papers, Bills, Debates, Votes, and Proceedings, and Reports on Petitions; Papers presented to both Houses by command of His Majesty (including Reports of Royal Commissions); Foreign Office Papers, Treaties, Diplomatic Correspondence, &c., &c.

NON-PARLIAMENTARY:—The Publications issued by the Stationery Office on behalf of the various Government Departments (Foreign Office, Department of Overseas Trade, Ministry of Labour, Board of Trade, Ministry of Health, Board of Education, Department of Scientific and Industrial Research, &c.) cover a vast field of subjects among which the following may be mentioned: History, Archaeology, Law, Commerce, Industry and Economics, Agriculture, Fisheries, Education, Fine Art, Public Health Administration and General Social Questions, Science and Technology.

The Brief Guide to Government Publications, price 3d. will supply further information. Post free, 4d.

They may be purchased through any bookseller, or directly from H.M. Stationery Office, at the following addresses:—

Adasthor House, Kingsway, London, W.C.2; and 28 Abingdon Street, London, S.W.1;

York Street, Manchester; 1 St. Andrew's Crescent, Cardiff; or 120 George Street, Edinburgh.

Hydrographical Publications of the Admiralty are sold by J. D. Potter, 145 Minories, London, E.1.

The Journal of the Ministry of Agriculture can be obtained from the Ministry, 10 Whitehall Place, London, S.W.1.

Patent Office Publications are sold at the Patent Office, 25 Southampton Buildings, Chancery Lane, London, W.C.2.

Publications of the Ordnance Survey and of the Geological Survey may be purchased from the Director General of the Ordnance Survey, Southampton; or from Agents and Booksellers.

ESTIMATING PROFITS.

It is generally agreed that mistakes are likely to arise unless profit is based on the "returns." It is quite a debatable point on some lines, such as selling of stocks and shares as to whether the percentage of profit should be calculated from cost or selling price, but for tradesmen there should be only one rule, and that is, all profit should be calculated on returns.

For instance, say goods are bought for £75 and sold for £100. Of this, £25 (or 25%) is profit, and could be banked, leaving the outlay or principal (£75) intact. But if one considered that a profit of 33½% had been made, and were £33 6s. 8d. banked, the principal would be reduced to £66 13s. 4d. When calculating the rate of profit, the principal must remain intact. In some trades it is the custom to calculate profit on the cost price. In many other trades it is the custom to calculate profit on the selling price, and when such a question arises it should be made very clear as to whether calculation is based "on cost" or "on returns."

The following is an easy method of calculating profits:—

POSTAL AND SAVINGS BANK REGULATIONS.

RATES IN FORCE, JULY, 1926.

For further particulars see "Post Office Guide," at any Post Office.

STAMPS.

Stamps are issued at following values: $\frac{3}{4}$ d., 1d., $1\frac{1}{2}$ d., 2d., $2\frac{1}{2}$ d., 3d., 4d., 5d., 6d., 9d., 10d., 1/-, 2/6, 5/- and 10/-

Books containing eighteen $1\frac{1}{2}$ d., six 1d. and six $\frac{3}{4}$ d. stamps are now on sale at each post office. Price 3/-

Books containing ten $1\frac{1}{2}$ d., six 1d., and six $\frac{3}{4}$ d. stamps. Price 2/-

LETTER POST.

The prepaid rate of postage is as follows:

2-oz. in weight $1\frac{1}{2}$ d.

Each additional 2-oz. or fraction $\frac{3}{4}$ d.

A letter posted unpaid is chargeable on delivery with double postage; a letter insufficiently paid, with double the deficiency.

No letter may exceed two feet in length, one foot in width, or one foot in depth. Weight unlimited.

LETTERS TO H.M. SHIPS IN HOME WATERS.

2-oz. in weight $1\frac{1}{2}$ d.

Each additional 2-oz., or fraction $\frac{3}{4}$ d.

REGISTRATION.

Any letter, parcel, or other postal packet may be registered. The minimum fee is 3d., in addition to the postage. Registered correspondence, on being redirected, may not be dropped into a letter box, but must be taken to a Post Office to be dealt with as registered.

CERTIFICATES OF POSTING CORRESPONDENCE.

Any person who desires proof that unregistered correspondence has been posted should hand in the correspondence at a Post Office, and ask for a certificate of posting. The fee is one halfpenny payable by a stamp which must be affixed by the sender to the form of certificate.

POST-CARDS.

The prepaid rate of postage on every post-card is 1d., and on every reply post-card 2d. A post-card posted unpaid is chargeable on delivery with double postage.

Picture Post-cards containing not more than five complimentary words may be sent for $\frac{3}{4}$ d.

Cards used as post-cards must be made of ordinary card-board, not thinner than the material used for the thinnest official post-card. They may not exceed $5\frac{1}{2}$ inches in length, by $4\frac{1}{2}$ inches in width, or be less than 4 inches in length by $2\frac{3}{4}$ inches in width.

A gummed label (not to exceed 2 inches long and $\frac{3}{4}$ -inch wide) bearing the address may be affixed to the card. If any of the rules relating to a post-card be infringed, the card will be treated as a letter.

INLAND PRINTED PAPER POST.

This rate may be used for forwarding books, written or printed matter not in the nature of a letter, sketches, photographs, maps, certificates, estimates, deeds, circulars, Christmas cards, &c.

$\frac{3}{4}$ d. for each 2-oz. up to 2-lb. (limit).

Size Limits, 2-ft. by 1-ft. by 1-ft.

Packets must be open to inspection.

INLAND SAMPLE PACKET POST.

Rate abolished. Samples liable to letter or parcel rate.

INLAND NEWSPAPERS.

Not exceeding 6-oz., 1d., with $\frac{3}{4}$ d. for every additional 6-oz. or fraction of 6-oz. This applies to single copies only. Two or more copies liable to same postage as if posted separately. Limit of weight for each packet, 2-lb.

LETTER CARDS.

Bearing $1\frac{1}{2}$ d. stamp—2d. each; 6 for 11d.; 10 for 1/6.

BLIND LITERATURE (INLAND).

Up to 2-lb. $\frac{3}{4}$ d.; 5-lb. 1d.; $6\frac{1}{2}$ -lb. $1\frac{1}{2}$ d.

PARCEL POST.

The rates of postage on parcels are as follows:

	s.	d.
For a parcel not exceeding 2-lb.	0	6
" .. exceeding 2-lb. but 5-lb.	0	9
" 5-lb. 8-lb.	1	0
" 8-lb. 11-lb.	1	3

No parcel may exceed 11-lb. in weight.

The size allowed for an inland parcel is:

Greatest length 3-ft. 6-in.

Greatest length and girth combined 6-ft. 0-in.

For example—A parcel measuring 3-ft. 6-in. in its longest dimensions may measure as much as 2-ft. 6-in. round its thickest part; or a short parcel may be thicker; thus, if it measure no more than 3-ft. in length, it may measure as much as 3-ft. round its thickest part.

The postage on a parcel must be prepaid. Mark each parcel "Parcel Post." A parcel must not be posted in a letter box, but presented at the counter of a post office, and the sender should see that the weight, size and postage are in order before leaving.

RE-DIRECTION OF PARCELS.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and the second address are either served from the same delivery office or are within the same town delivery area, and the re-direction is made within the period of free re-direction

allowed for letters. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for re-direction from a Returned Letter Office a second postage is invariably charged.

PARCELS (FOREIGN AND COLONIAL).

Parcels are accepted for parcel post to most foreign countries under conditions similar to the inland regulations except that for customs requirements the contents must be declared. The customs charges of certain countries can be prepaid by sender on depositing one-fifth to one-third of declared value, otherwise they are collected from addressee. The postage varies to different countries and must be prepaid. Insurance fee is 5d. for first £12, 2d. for each additional £12, up to 5/11 for £400.

MONEY ORDERS (INLAND).

The postal authorities cannot issue a single money order for more than £40, and will only cash them at the money order office at which they are made payable, unless they are crossed, when they can be paid through a bank. No fractional part of a 1d. can be contained in a money order.

MONEY ORDERS (INLAND, FOREIGN AND COLONIAL).

Inland Ordinary Money Orders:—

For sums not over	£3	£10	£20	£30	£40
the charge is	4d.	6d.	8d.	10d.	1/-

Inland Telegraph Money Orders:—

Poundage at same rate as for Ordinary Inland Money Orders, plus fee of 2d., and cost of Telegram of Advice.

Foreign and Colonial Ordinary Money Orders:—

For sums not over £1, 6d.; £2, 1/-; £3, 1/6; £4, 1/9, and 3d. additional for each £1 or fraction up to the maximum amount of an order.

Foreign Telegraph Money Orders:—

Poundage at same rate as for Ordinary Foreign Money Orders, plus fee of 6d. or 1/-, and cost of Telegram of Advice.

POSTAL ORDERS.

Obtainable at any money order office in the United Kingdom. If crossed must be paid through a bank.

Amount of Order.	Poundage.
6d., 1/-, 1/6, 2/- and 2/6	1d.
3/-, 3/6, 4/-, 4/6, 5/-, 5/6, 6/-, 6/6, 7/-, 7/6, 8/-, 8/6, 9/-, 9/6, 10/-, 10/6, 11/-, 11/6, 12/-, 12/6, 13/-, 13/6, 14/-, 14/6 and 15/-	$1\frac{1}{2}$ d.
15/6, 16/-, 16/6, 17/-, 17/6, 18/-, 18/6, 19/-, 19/6, 20/- and 21/-	2d.

Before parting with a postal order, always fill in the name of the person to whom the amount is to be paid. Each order is numbered, as is also the counterfoil attached, which latter should be retained and name of payee filled in. The Postmaster-General will entertain no further claim after an order is once paid. Stamps to the amount of 5d., but not more than three in number can be affixed to make up odd sums.

POST OFFICE SAVINGS BANK.

In every town and in almost every village small savings may be paid in at the Post Office. No person can have more than one account. Amounts placed in the bank on behalf of children under seven years of age cannot be withdrawn until the child reaches that age, and then only under his or her own signature. Each depositor receives a bank book in which the amount of each deposit should be entered at the time of paying in. Any sum from a shilling upwards may be deposited. If the deposit is £20 or over, a special acknowledgment is sent from the head London office. Interest is allowed at the rate of $2\frac{1}{2}$ per cent. Any amount not exceeding £1 may be withdrawn without previous notice, on presenting the bank book. The bank book should be sent each year, postage free, on the anniversary of the date when the account was opened, to the Controller of the Savings Bank Department for purposes of checking and adding interest. The withdrawal of money up to £10 can be expedited by telegraphing, the depositor paying cost of telegrams and a service charge of one shilling.

COMMUNICATION BY WIRELESS TELEGRAPHY WITH SHIPS AT SEA.

Private radio-telegrams for transmission to or from ships of most nationalities, including British, through coast stations in the United Kingdom, are usually charged 11d. per word. There are special long-distance services with certain ocean liners through the Devizes Government station (range 1500 m.) at a total charge of 11d. per word, and through the Government high power station at Rugby (range worldwide), inclusive charge 1s. 6d. a word.

INSURED BOX POST.

Articles of gold and silver, precious stones, jewellery, and other articles of a similar nature, which are prohibited from transmission in insured letters may now be sent in the letter mails to certain countries as "Insured Boxes." Certain articles are prohibited, such as current coin, letters or correspondence, bank notes, securities, etc. An insured box must not exceed 2-lb. in weight, and must not measure more than 12 inches in length, 4 inches in breadth, and 4 inches in depth. The boxes must be strongly made of metal or wood. The postage is 2d. for 2-oz., with minimum of 10d. The maximum limit of insurance is £400. There are special directions for packing and labelling. Customs declarations must be filled in.

CASH ON DELIVERY.

Arrangements have been made whereby senders of articles by parcel post between Great Britain and Northern Ireland and certain British possessions and other places abroad can have the value collected on delivery, and same remitted by special card money order. The "Trade Charge" *i.e.*, the amount to be collected must not exceed £40.

CASH ON DELIVERY (INLAND).

Parcels may also be posted at any Money Order Post Office for delivery at any address in Great Britain and Northern Ireland, and the value collected as above. The fees, which are additional to the ordinary parcel postage are as follows:—For trade charge not exceeding 10s., 4d.; £1, 6d.; £2, 8d.; £5, 10d.; £10, 1s., and 2d. for each additional £5 or fraction of £5 up to the maximum of £40.

FOREIGN AND COLONIAL CORRESPONDENCE.

To British possessions generally, Egypt, Palestine, United States of America, the British Post Office at Tangier, H.M. Ships in Foreign waters and the Army of the Rhine, 1½d. for the first oz. and 1d. each succeeding oz.

To all other places including Iraq, 2½d. for the first oz., and 1½d. for each succeeding oz. or fraction.

PRINTED PAPERS.

½d. for every 2-oz.

COMMERCIAL PAPERS.

½d. for every 2-oz. (min. 2½d.)

SAMPLES.

½d. for every 2-oz. (min. 1d.)

REGISTRATION FEE ... 3d.

POSTCARDS.

Single, 1½d.; Reply, 3d.

BLIND LITERATURE.

2-lb. ½d. 4-lb. 1d. 6½-lb. 1½d.

TELEGRAPHS.

The Postmaster-General's telegraphs are open to the public for communication to all parts of Great Britain and Ireland, to places abroad, and to ships at sea.

The charge for an "Inland" telegram is independent of distance, and depends upon the number of words only.

The Foreign and Colonial telegraph system and the Radiotelegraphic system are largely regulated by International Conventions, to which nearly all countries are parties.

Telegraph offices are usually open on week-days from 8 a.m. to 7.30 or 8 p.m., but in London and a few of the largest provincial towns, offices are always open, day and night, and in many towns telegrams may be despatched at any hour from the railway station.

INLAND TELEGRAMS.

The charge is 1/- for the first twelve words including the address, and 1d. for every additional word. Telegrams handed in on Sundays, Good Friday, and Christmas Day charged 6d. extra. In Scotland 6d. extra on Sundays only.

Telegrams can be repeated on payment of half the original charge, which extra payment is refunded if error is detected. Telegrams may be posted in wall or pillar boxes, or handed to rural postmen, and are wired as soon as received at the nearest telegraph office. Late fees secure attention, in certain cases, to telegrams handed in after the usual hours. The cost of registering an abbreviated address, which must consist of two words, is £2 a year.

Telegrams in plain language in any modern European tongue or in Latin are charged for according to the number of words; but all words not forming part of any modern European language, or of Latin, and all unintelligible combinations of letters are charged for at the rate of five letters to a word in the text, and as one word each when used in the address.

Exceptions—Words which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven," "warehouseman" are counted as one word.

Such names as O'Neil, MacDonald, De la Rue, and names with the prefix "St." as St. Pancras, are charged for as single words, but double names like Bouverie-Tracy, although written with a hyphen, count as two words.

Such abbreviations as "can't," "won't," "couldn't," are counted as single words.

Figures are counted at the rate of five figures to a word. For example: "38563" counts as one word, while "385634" counts as two words.

Names such as "Newcastle-on-Tyne," "Abbey-Holme" and "Bodmin Road" are counted as one word, but "Hanging Ditch" and "Drury Lane" are each counted as two words.

When it is necessary to add the name of a county to the name of a place to distinguish it from another place of the same name, *e.g.*, Egremont (Ches.), the name of the county is not charged for.

When words are underlined, or placed in parentheses, or within inverted commas, one extra word is charged for.

One word each is also charged for the ordinary signs of punctuation if they are required to be transmitted.

When the address is beyond the limit of free delivery, portorage is charged at the rate of 6d. per mile or part of a mile, the distance being calculated from the limit of free delivery.

MIXED POSTAL AND TELEGRAPH SERVICE.

A telegram can now be forwarded partly by telegraph and partly by post. For example:—"Poste Smith, 10 Broad Street, Calcutta, Marseilles." This could be telegraphed to Marseilles to catch the outgoing mail, and then forwarded on by post to its destination. For charges, enquire at any Telegraph Office.

Telegrams may also be sent to Dover, Lewes, Liverpool, Newcastle-on-Tyne and Southampton for onward transmission as letters in the outgoing mails.

Continuation of Motor Index Marks listing locations like London, Wolverhampton, Denbighshire, etc., with their respective index numbers.

RATE OF INTEREST PER ANNUM.

Unlimited calculations may be made from this Table. For instance, to find the interest of £1,320, at 3 1/2% per annum, add the sums given for £1,000, £300, and £20.

Table showing rates of interest per annum for various principal amounts, categorized by interest rates from 2 1/2% to 5%.

THE READY RECKONER.

Table for 'The Ready Reckoner' providing multiplication and division tables for numbers 1 through 100.

BANK OF ENGLAND NOTES.

The tender of Bank of England Notes is legal in England and Wales for every purpose and by anyone (except by the Bank of England).

GOLD AND TREASURY NOTES.

Gold, if above the least current weight, and Treasury Notes are legal tender to any amount.

SILVER.

STANDARD SILVER formerly contained thirty-seven fortieths of fine silver and three fortieths of alloy; millesimal fineness, 925.

Perfect Prescription Service

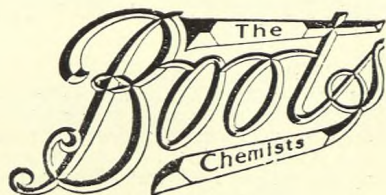

AT every branch of Boots The Chemists, the dispensing and pharmaceutical work is in the charge of a fully qualified and experienced chemist.

Continuous laboratory research and rigid analytical control enable Boots to guarantee the perfect purity and standard strength of all drugs and preparations. The efficient organisation of manufacture and distribution ensures absolute freshness of stock.

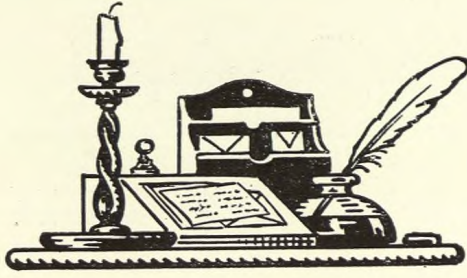

Everything possible is done to make perfect a service for the accurate dispensing of your prescriptions.

That this service is appreciated is adequately shown by the ever increasing patronage of the medical profession and the general public.

Boots The Chemists have 800 branches throughout the country and each one is on the chemists' panel of the National Health Insurance Committee for the area in which it is situated.

PURITY AND SECURITY.

STATIONERY

BOOTS The Chemists manufacture and provide stationery for so many large branches that they are able to offer a wide range of goods at very moderate prices. Whether you require stationery for weddings, social events, or for general correspondence; visiting cards, table decorations, fountain pens, pencils, playing cards, whist and bridge cabinets, score cards, etc., Boots Stationery Department can supply your every need at prices that enable you to effect a substantial saving on your purchases. In fact, for "everything in Stationery" you cannot do better than visit Boots. There's a branch in your district.

STATIONERY CAN BE STAMPED WITH
YOUR OWN ADDRESS AT
COMPETITIVE PRICES.

JOIN *Boots Book-lovers Library*

BOOTS BOOK-LOVERS' LIBRARY offers subscribers the most efficient and accommodating library service extant. A capable librarian is in charge of each department, and subscribers are assured of uniform attention and courtesy. A subscription to Boots Book-lovers' Library, which may commence at any date, costs from 10/6 and covers a period of twelve months. Attention is drawn to the special Travelling Subscription, which is a real boon to travellers. It permits the exchange of books at any branch where there is a Library Department, without the necessity of giving notice. Full particulars and the address of the nearest branch with Library Department will be gladly furnished upon request.

Head Librarian's Office: STAMFORD STREET, LONDON, S.E.1.

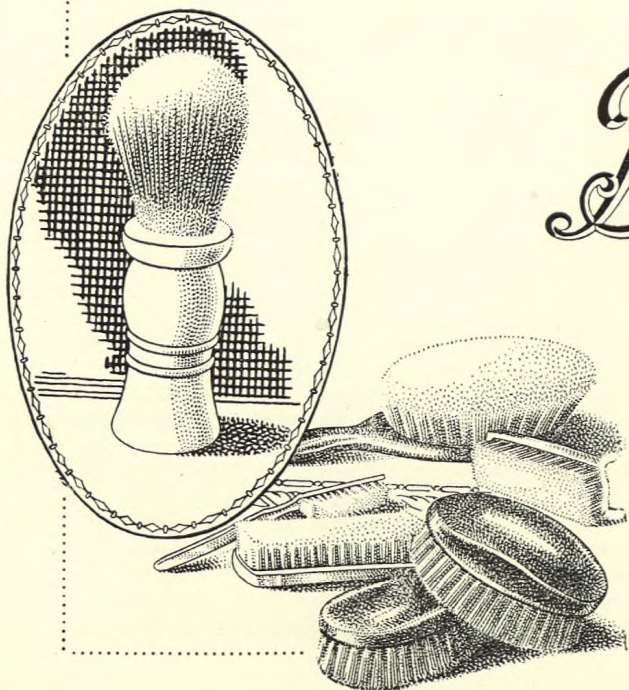

Accessories—and Friends

THERE is an intimacy about brushes that calls for perfection.

From the point of your chin to the nape of your neck—brushes play a vastly important part in your daily toilet. Shaving brushes, tooth brushes, hair brushes—all are entirely personal and essentially *your own*.

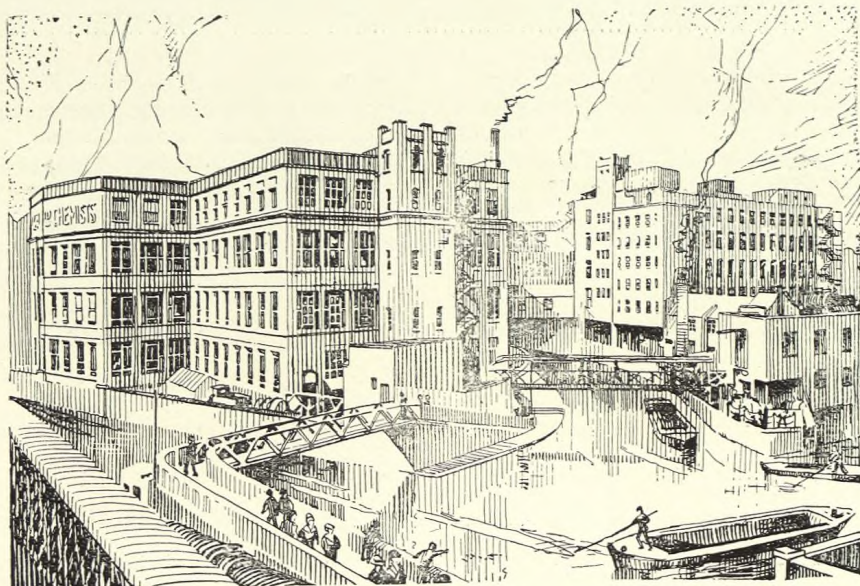

Brushes are things that you share with nobody else—intimate friends. See that their intimacy is justified by sound construction and beauty of design, for only such sterling qualities can justify their constant companionship.

The courageous choice of the masculine—the delicate task of the feminine—each finds complete satisfaction in the range of toilet accessories obtainable at all **BOOTS BRANCHES**.

*A section of the Pharmaceutical and Fine Chemical Laboratories of
Boots Pure Drug Co. Ltd.*

THE ROMANCE OF A GREAT ORGANISATION.

SERVICE, EFFICIENT and COMPLETE" has been the ideal set and followed faithfully" by the firm of Boots The Chemists. The necessary spirit of enterprise has been irrepressibly present in all its undertakings and activities.

Nottingham is the home and hub of this great enterprise, where the firm's laboratories, factories, warehouses and workshops, occupy some 30 acres.

The development of this great centre, with its fine and extensive blocks of buildings, can be truly described as a romance. Here, at the present time, over 4,500 employees are organised for the efficient production, packing and distribution of a multitude of products.

The work is systematically divided into sections. The Analytical Department has assigned to it an independent sphere. The chief analyst is in a very true sense the representative of the customer. His word determines the quality, and the quality is always as near perfection as scientific methods, care, human skill and modern mechanical equipment can

ensure. This department is charged with the inspection and analysis of all raw materials coming into the works, and of all manufactured articles.

The great number of analyses made is evidence of the constant striving after quality which justifies the popular slogan, "You are safe in dealing with Boots."

Chemical Research and manufacture make up another section. Continuous, patient, and systematic application in the effort to make more perfect the processes used in the production of a whole series of Fine Chemicals and synthetic perfume bases is carried on year in, year out.

The Fine Chemical Section has been working to capacity throughout the year, and further progress has been made in the production of Saccharin and special medical products.

The preparation of Insulin from the pancreatic glands of oxen has been perfected, and INSULIN-BOOTS is now known all over the Empire. Its manufacture calls into consideration many important details. In addition to

plant and laboratory for the actual extraction and purification, other laboratories are needed for testing the product at many stages, to meet the requirements of the firm's pharmacologist and bacteriologist. (The yield of pure Insulin from 1,000 cattle weighs approximately only four ounces).

Another glandular product, "PITUITARY EXTRACT," has been developed and welcomed by the medical profession on account of its guaranteed potency.

THIOSTAB, a special preparation of sodium thiosulphate solution, in ampoules ready for use, for the treatment of Dermatitis and Metallic Intoxication, has proved an extremely useful preparation.

STABILARSAN (the firm's own patented improvement upon the German "Salvarsan") and BISMOSTAB, a special preparation of Bismuth for use in connection with Stabilarsan, are standard products in the treatment of specific diseases.

So great has been the development in this side of the firm's business that special laboratory facilities have recently been added.

Medicinal Gelatine Capsules, which provide the best means of prescribing many medicines, are made in great quantities by Boots.

The Pill Department is replete with every modern appliance, including several automatic machines, each of which is capable of turning out over 1,000 gross of pills per day. The dimensions of the department in which, in different sections, lozenges, pastilles, and boiled sweets are manufactured are astonishing—as is also the tremendous output of each section.

An important branch of the firm's activities is the manufacture of compressed tablets. Portability, convenience, accuracy of dosage, thorough disintegration, and full activity are essential in compressed drugs, and Boots pay great attention to these features. So much advance has been made on this side of the business that there is scarcely any drug to-day that cannot be reproduced in the form of a compressed tablet.

Much pioneer work has been carried out by Boots in this direction. Special equipment, adequately isolated from other machinery, is in use for the manufacture of tablets for hypodermic use and for poisonous tablets—distinguishable by touch and in general appearance. Wholesale orders are received from Government departments and from firms abroad, and these are the best testimony of the worth and scientific soundness of Boots tablets.

Visitors would be fascinated to watch the processes of soap manufacture. Important improvements in plant have been carried out in recent years, and many improvements in manufacture and technique have been introduced.

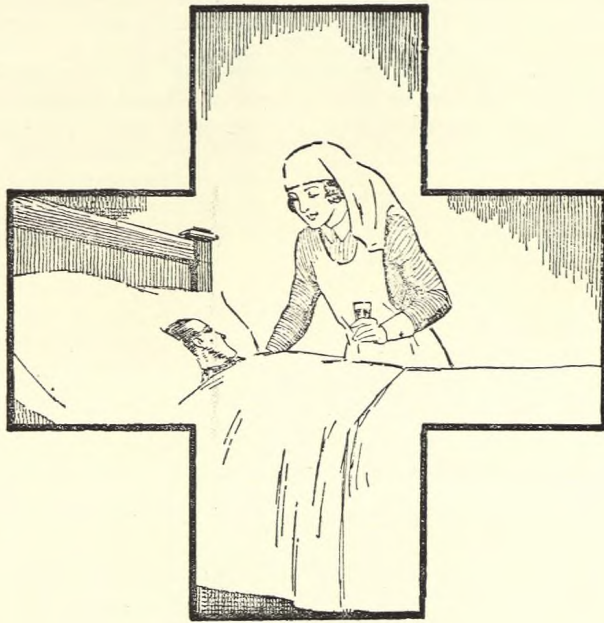

Boots Perfumery Department, with its costly and scientifically designed equipment, is one of the largest perfume plants in this country. Here is a splendidly equipped store of 150 vats and tanks, with a capacity of 15,000 gallons. This department compounds all perfumes for the firm's Soap, Toilet Preparations and Powder Departments. Hundreds of gallons of Eau de Cologne and Lavender Water are bottled weekly.

An extremely important part is played by the Firm's Transport Department, which serves all other departments in this gigantic organisation. A complete transport service expeditiously moves goods in all stages, conveying them as raw materials through the warehouses to the manufacturing departments, and finally, as the finished article, to the branches.

To-day Boots have over 800 retail establishments in Great Britain. Approximately 15,000 people (of whom more than 1,100 are qualified chemists) are employed by the Boots Companies, and last year 100,000,000 customers were catered for in their shops.

A day and night pharmaceutical service has been established by the firm in Piccadilly, London, and at New Street, Birmingham—one scale of prices operating throughout the whole 24 hours—further evidence of "up-to-dateness" on the part of a firm which has gained the well-merited confidence and loyal support of the public.

CHEMISTS TO THE NATION.

THERE is a period in every illness when the patient's vitality is at the lowest possible ebb. It is then that the trained nurse requires the perfect service that only perfect sick-room accessories can give. Apart from cases of emergency, perfection of surgical and sick-room requisites is always to be desired, and perfection is the outcome of experience. The experience of men of high scientific attainments is at your command in the comprehensive range of surgical and sick-room equipment obtainable at Boots The Chemists. Perfect provision is made to meet every requirement of the medical and nursing professions and the general public. At many of Boots principal branches special Surgical Departments have been established under the supervision of trained and certified nurses, who will be happy at all times to advise and assist customers.

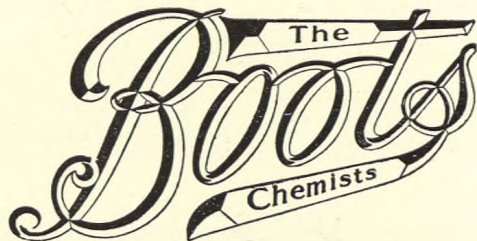

YOU ARE SAFE IN DEALING WITH BOOTS.

Travelling Requisites!

THE intrinsic quality of the best leather goods begins with the selection of flawless skins and continues through the tanning and stitching to the finished product—be it sturdy hand bag or dainty vanity case.

By their beauty of design, lasting wear and hidden strength, they give silent testimony to the care and craftsmanship that made the original selection of perfect skins.

Leather and Travelling Goods sold by Boots The Chemists are of infinite variety. But they have one thing in common—*durability*—which makes them reliable travelling companions, ready to render a lifetime's service to the happy possessor. Prices, too, are extremely moderate.

Over 800 Branches throughout the Country.

SERVICE—

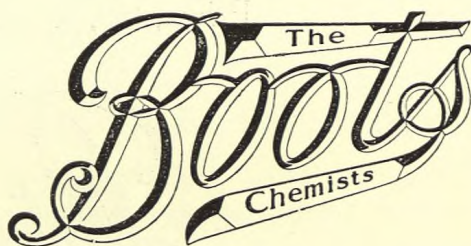

efficient and complete

THE efficient shopping service provided by the branches of Boots The Chemists forms the connecting link between the customer and a vast organisation employing thousands of British people—of whom over 1100 are qualified chemists.

Continuous laboratory research and rigid analytical control ensure the perfect purity and reliability of every article manufactured and sold by Boots. Manufacturing costs are reduced by the use of up-to-date machinery and modern methods of production, and customers benefit by the moderate prices uniform in all Boots branches.

Shop at Boots and shop in comfort. Whether your purchase be large or small, Boots service is entirely at your disposal. And this service means real quality, real value, and the utmost satisfaction.
