LEGAL NOTES.

- 1.—The law holds no man responsible for inevitable accidents or acts of God.
- 2.—The law does not require a man to do impossibilities.
- 3.—Money paid with full knowledge of the facts is not recoverable, but money paid under a mistake of fact is usually recoverable.
- 4.—Money paid under a mistake of law is not recoverable, because every man is presumed to know the law and cannot plead ignorance of it.
- 5.—Wrong suffered by consent is not a cause of action.
- 6.—Delay in proceeding to enforce one's legal rights is often fatal and debts are irrecoverable after six years.
- 7.—An employer or principal is responsible for the acts of his servants and agents where the act was done by his command or for his benefit.
- 8.—Always get writing in every transaction where possible.
- 9.—Signatures in lead pencil are good in law.
- 10.—An offer or option, unless given for value, can be revoked at any time before acceptance.
- 11.—An offer can only be accepted so as to make a binding contract by an absolute acceptance which does not import any new term.
- 12.—In commercial transactions communication by post is generally regarded as authorised. Where authorised an acceptance by letter is completed by posting.

- 13.—All contracts, unless under seal, require a consideration.
- 14.—Contracts to do illegal acts are unenforceable.
- 15.—Contracts with a married woman are only enforceable against her separate property.
- 16.—A husband is not liable for his wife's contracts unless for the necessities of life or unless he has authorised her to pledge his credit.
- 17.—Contracts with a corporation should be under seal.
- 18.—All written contracts, except for the sale of goods require to be stamped.
- 19.—All bills and promissory notes must be stamped before execution. Unless payable on demand the stamp must be impressed, otherwise it may be adhesive.
